

**„ERASMUS“ STUDENTS OPINION ABOUT THE STUDY OF  
THE SUBJECT – AUTUMN SEMESTRE 2022-2023**

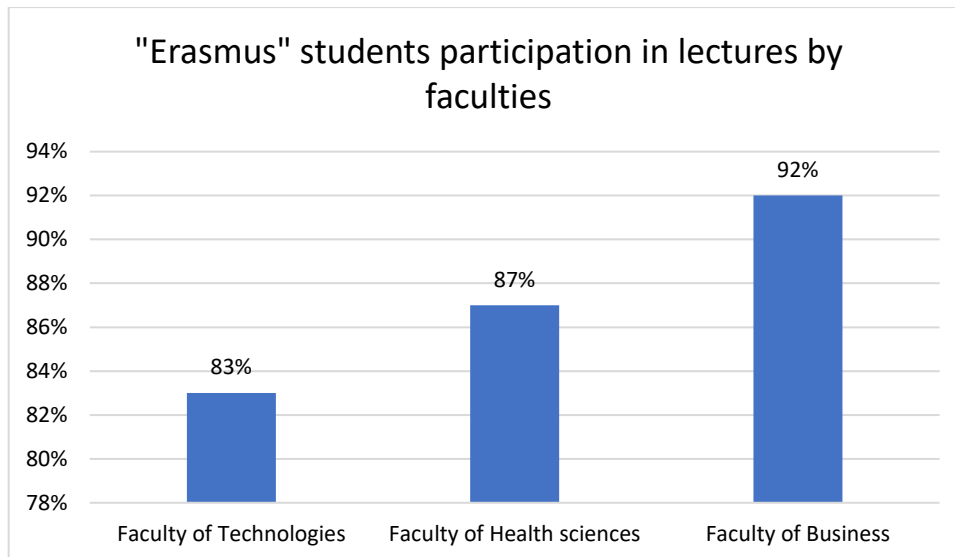

In 2022 December - 2023 in January, students of the Erasmus International Exchange Program took part in an online survey and had the opportunity to self-evaluate their studies. The student could self-evaluate each studied subject by filling out a separate questionnaire.

The diagram below shows the statistical average of the student's self-assessment of the subject studies according to the study programs in points (on a 5-point scale).

The highest satisfaction average is 5 points - in the Civil Engineering program. Construction engineering students indicated that they liked the cooperation with the teachers and the teaching style of the teachers the most.

**Students self-assessed their participation in lectures, the data are presented after calculating the statistical average, according to faculties.**

**From the data presented, it can be seen that the students of the Faculty of Business attended the lectures most actively - 92%.**

**The expressed opinion contributes to the improvement of the quality of the studied subjects, helps to identify problems arising in the study process and possible ways of solving them.**

**Thank you for participation!**
