OTHER SERVICES

KVK Virtual Library
(<https://virtualbiblioteka.kvk.lt/>).

KVK subscribed databases
(<https://db.kvk.lt/>).

Lithuanian Academic Electronic Library eLABa (<https://www.elaba.lt/>). A direct link to the eLABa repository is **here**.

Using the Institutional login, students can also connect to **LITNET FEDI** services. A full list is available via **this link**.

IT issues (e.g., computer equipment, systems, etc.) or Infrastructure issues (e.g., rooms, furniture, doors, etc.) can be registered with the **KVK Technical Support Centre** (gedimai.kvk.lt). If you have questions about using the KVK systems, email itcentras@kvk.lt.

KVK provides **printing services**. Instructions and prices are available **here**.

Similarity of students' final theses and course papers is checked in KVK Moodle using Turnitin Feedback Studio plugin. More information about similarity checking is available **here**.

IT SYSTEMS

[HTTPS://WWW.KVK.LT/](https://www.kvk.lt/)

PASSWORDS

Password change and recovery. Change your password using **this form**.

Password change instructions.

At the verification step, select **Email my alternate email**.

Password security tips are available **here** or **here**.

Note: For password changes, all students are assigned the personal email address provided during admission to KVK.

EMAIL

Outlook Email. All study-related information, emails from lecturers and administration, internship offers, etc. are sent to KVK email accounts, so **students must regularly check and use the email inbox provided by KVK**. You can access your email account by signing in to Microsoft 365 at <https://www.office.com/> and clicking on the **Outlook icon** under **Apps and more**. Alternatively, you can access the email system at <https://outlook.cloud.microsoft>.

WIKI

On the Wiki (<https://wiki.kvk.lt/>) you can find information, instructions, usage policies, and other IT documentation about the systems and electronic services used at the institution.

MICROSOFT 365

Microsoft 365 Apps. Students are provided with **Microsoft 365 licenses for the entire period of study**, allowing them to install and use Microsoft 365 applications (Excel, Word, PowerPoint, etc.) **on 5 devices** (e.g., computers, tablets, smartphones).

You can download the installation file after signing in at <https://www.office.com/> and selecting **Settings and more** → **Download apps**. The applications will be activated when you sign in with your KVK email address and common systems password.

MOODLE

KVK Moodle Virtual Learning Environment (VLE) (<https://vma.kvk.lt/>). The VLE provides electronic course materials, assignments, tests, consultation and exam timetables, study schedules, and other relevant information related to studies and library services. Certificates can also be ordered. **Login:** KVK email and common systems password.

WIRELESS INTERNET WI-FI

Wireless internet (Wi-Fi). Wireless internet is available throughout KVK and can be accessed using the Eduroam service (**instructions**).

TIMETABLES

Faculty of Health Sciences lecture timetables (<https://svmflctures.kvk.lt/>), **study schedules**;

Faculty of Technologies lecture timetables (<https://tflectures.kvk.lt/>), **study schedules**;

Faculty of Business lecture timetables (<https://vflectures.kvk.lt/>), **study schedules**. Download the schedule app to your smart device: **iOS, Android**.

App codes:

- **kvksvmf** – Faculty of Health Sciences lecture timetables;
- **kvktf** – Faculty of Technologies lecture timetables;
- **kvkvf** – for the Faculty of Business lecture schedules.

MICROSOFT TEAMS

Microsoft Teams communication and collaboration platform (<https://teams.microsoft.com/>). Teams hosts virtual lectures, conferences, seminars, and other activities, and allows you to contact any KVK staff member or fellow student. **Login details:** KVK email address and password.

COMPUTERS

KVK computers can be accessed using your user and common systems password.
